Subject: Wilderness Areas Protection Act

Nov 3, 2009

Gordon Hebb
NS

Dear Hebb,

I am appalled to see that the Nova Scotia government is attempting to revise the provincial Wilderness Areas Protection Act to allow the commercial slaughter of baby seals on Hay Island.

This is crazy and must stop. I am very tired of our Canadian governments unethical, inconsiderate position on seal hunting. Most Canadians and foreigners are against seal hunting for a reason and you need to start listening to your citizens and the rest of north america and Europe.

Do the right thing and stop these proposed changes and work on stopping this unethical seal kill and work on helping to introduce new, green, sustainable and progressive industries for our citizens.

Sincerely,

Elisabeth Baldazzi
