Gordon Hebb  
NS

Dear Hebb,

I am appalled to see that the Nova Scotia government is attempting to revise the provincial Wilderness Areas Protection Act to allow the commercial slaughter of baby seals on Hay Island.

I am totally against the cruelty that is happening to these baby seals; they cannot voice out what hurts them and nor can they defend themselves against this in humane cruelty.

Would we just stand by and watch and wait while someone did this to our child, God forbid. So Why are we not the VOICE we should be for those that cannot talk or defend its young.

We are the barbarians not them. Please speak out on behalf of these

innocent seals. Please do something NOW! Thank-u for your understanding  
Josie
