Subject: Request to speak on Bill 84

I would like to speak on Bill 84, the merger of the Nova Scotia Agricultural College and Dalhousie University. The issue for me to speak tomorrow morning is I am involved in a process with a candidate for a upcoming position and am unable to travel to Halifax and speak tomorrow in the am. It is not possible on this short a notice (less then 24 hours) to change this commitment therefore I am asking for a different time frame.

Thank you for taking this request into consideration.

Debbie Mellish

Laboratory Instructor, Dept. of Environmental Sciences
Nova Scotia Agricultural College
