

Bill 27

From: Grace <[REDACTED]>

Cc: Justice Minister
Subject: Animal Protection Act bill #27

I'm writing in support of bill #27. The SPCA needs this to pass to be able to protect our animals the way they should be. I believe firmly that the only people that would oppose this bill are worried about themselves and their ability to make money, they are not worried about the animals that they claim to love.

Please think of the animals.
