

DEFEATED
Nov 3/21

Bill #57
Environmental Goals and Climate Change Reduction Act

CHANGES RECOMMENDED TO THE
COMMITTEE OF THE WHOLE HOUSE ON BILLS

PAGE 4, paragraph 11(b) - delete and substitute the following:

(b) to address and mitigate barriers Nova Scotians face to testing and treatment of rural wells by 2026, including implementing the immediate removal of well-water testing fees to detect the presence and level of

- (i) coliform bacteria, at least every six months,
- (ii) arsenic, at least every two years,
- (iii) lead, at least every two years, and
- (iv) uranium, at least every two years;
