

Dear Public Bills Committee,

My name is Chris Williams and along with my wife Shari-Lynn Williams are proud Nov Scotians and thrilled to live in Round Hill.

How dare you try to bully through the proposed changes to the Crown Land Act. Have you actually taken the Trump pill and believe that peaceful public protests on logging roads can now lead to possible imprisonment. Have you lost your minds?

Highly disappointing but no surprise from a government lead by 'Houston we have a problem'.

Shame on your lack of decency. Stop this madness now!
